

1.) Air1 serves me well as a resident of the local community. I enjoy the positive programming of Air1 and appreciate the fact that it is commercial free.

2.) The effect on the local community if Air1 were to be displaced by an LPFM broadcaster providing other programming would be disappointing. Air1 is able to deliver a wider scope of information and music than that of a local broadcaster. I appreciate this.

3.) I believe that the service provided by Air1 is in the public's best interest because of the wide base of information that it supplies as well as it's positive influence to be heard by the community.
